2. On the main screen, you will find the **Records** of the classifications.

- Click the button **Export** to download general information about the records.
- Click the button **Download PDF** to download a specific record with its heatmap
- Click the button **Delete** to delete all the records.

## Classifications Graph

- A bar chart displays the number of classifications daily or weekly.
- This helps analyze system activity and model usage over time.

The screenshot shows the 'Classification Records' section of the PNEUMO PREDICTION application. At the top, there's a header with the logo and navigation links: 'Comments', 'Records', and 'Management'. Below the header, the title 'Classification Records' is displayed with a count of 'Total: 11 records'. There are two main sections: 'Classification Overview' and 'Filters'.

**Classification Overview:** This section contains a table with 11 rows of classification data. The columns are: Date, Time, Diagnostic, Name, Model, and Download. The data includes entries like '03 Oct 16:11 BACTERIAL Guest DN.keras Download PDF' and '04 Nov 21:39 NORMAL gabriel DN.keras Download PDF'.

**Filters:** This section allows users to filter data by day ('Daily') or week ('Weekly'). It features a heatmap where each cell represents a day of the week. The days are labeled: mié, jue, vie, sáb, dom, lun, mar. The heatmap cells are colored purple, indicating active days.

3. In the top navigation bar, you will find the Comments section, here you can:

- Read the comments that were created in the support section by the users.
- Input a specific word in the search bar to search for any comment with it.
- Delete the comment if it is needed.

The screenshot shows the 'Comments' section of the Pintuño Predictions application. At the top, there is a purple header bar with the Pintuño logo and navigation links for 'Comments', 'Records', and 'Management'. Below the header is a search bar with a magnifying glass icon and the placeholder 'Buscar...'. The main area is titled 'Comments' and displays a list of comments in a grid format. Each comment card contains the text, author's name, email, and a small message. The first comment is 'vamos a ver' by Gabriel (asdadkjan@xd.com) with the message 'siuuuu'. The second comment is 'necio' by metta (pizza@metta.com) with the message 'siuuuu'. The third comment is 'prueba' by Jefferson (jefra@gmail.com) with the message 'siuuuu'. The fourth comment is 'hola' by andres (anfens2004@gmail.com) with the message 'siuuuu'.

Comment	Author	Message
vamos a ver	Gabriel asdadkjan@xd.com	siuuuu
necio	metta pizza@metta.com	siuuuu
prueba	Jefferson jefra@gmail.com	siuuuu
hola	andres anfens2004@gmail.com	siuuuu

4. In the top navigation bar, you will find the Management section, here you can

- Create, delete or update any medic account.
- Change the model that is being used in the classification.
- Log out of your account safely using the Logout option.
